We were looking forward to creating for Christmas and for the New Year.

Different workshops were organized.

For the last three weeks before the Xmas holidays, workshops went on mostly with year 6 pupils. But all were welcome and, that's how different pupils of all ages came and did beautiful things.

Before starting, we had to sort out all what we had collected.

We also invited volunteer parents and family on Friday evenings but nobody turned up! So it was only Brave Patricia and Brave Claire and my kids cutting, gluing, drawing.....It was good fun.
